Job Shadowing Program

What is the Job Shadowing Experience?

When a student or job-seeker follows and observes a professional for a short period of time, such as a day or a week. Amount of time will be determined in agreement with participating companies.

Why should you participate in the Job Shadowing Program?

This program will help Jordan College students:

1- Learn more about jobs withing the food and agriculture industry

2- Have a better understanding of what professionals do each day

3- Get a better understanding of the tasks, skills, knowlege, education, and abilities needed for that job

How to become part of the Job Shadowing Program:
