Notes:

B.S Animal Science: Equine Science Roadmap Catalog 2025-current

Important Notes:

- **Meet with a JCAST Academic Counselor every semester.**
- **ENGL 5A & 5B** are a two-semester sequence. If you've taken **ENGL 10** in your first semester, you do not need to take ENGL 5B.
- **ASCI 1-** taken as soon as possible-- it's a prerequisite for most ASCI courses.
- **ANTH 116W** is recommended—it double counts for **GE Area UD-D** and the **Upper-Division Writing Requirement** (must pass with a grade of **C or better**).
- **Upper-division ASCI courses** are for **juniors** and **seniors** only.
- **ASCI 186** should be taken during your last year or final semester.
- A **2.0 GPA** is required in your campus, major, and cumulative GPA to graduate.

**** This roadmap is for guidance only. The sequence of classes may vary depending on course availability and what you're able to enroll in each semester.****
